THE SENSIBLE SOLUTION OF THE CAR BARN PARK QUESTION

A new phase is introduced in the controversy over the car barn site by the evident determination of the school board to refuse to accept the use of the old car barns for a technical school unless granted a longer lease than one year.

This puts it up to the mayor and his majority in the council to either grant a longer lease in spite of the terms of the original grant of the site for a park, or to back water from their former position of overriding this provision in the grant.

The mayor was in error when he undertook for one year to ignore the terms of the grant which gave this property to the city as a park; whether he knew it or not makes no material difference, as it was his business to have posted himself. To ignore the terms of the lease for more than a year would be merely to compound the error and invite an injunction. A much more sensible proceeding would be to abide by the terms of the original grant. To make a virtue of a necessity is not always the most graceful performance, but in this case it will undoubtedly prove the more satisfactory.

THE BORDEN SYSTEM OF PROMOTING THE STRINGENCY

Official figures for the financial year show that the Dominion of Canada collected during the year previous to March 1 last, on account of consolidated fund—which is the parliamentary name for taxation—no less than \$168,600,000, as compared with \$136,108,217 the previous year. This means that during the twelve months the Borden government took out of the pockets of the tax payers exactly \$32,491,783 more than they extracted in the first partial year of his government, when expenditures were still kept down by the traditions of the retiring Liberal government.

The current expenditure was \$112,000,000 as compared with \$98,161,446 for the previous year. That is to say the government spent just \$13,838,554 on ordinary accounts more than in the previous year. To this, however, must be added the expenditure on capital and special accounts, amounting to \$32,300,000, making a total on these accounts of more than \$144,000,000. This enormous expenditure on capital account is the more remarkable because the spending on the National Transcontinental Railway construction was very much reduced, as the road is rapidly approaching completion.

Instead of reducing taxation in view of the great financial stringency, the Borden government is heaping extravagance upon extravagance, taxation upon taxation, and trusting to luck to hang on to power until they leave a legacy of debt and unwise expenditure for their successors. It will be fortunate for the taxpayers if these successors come before Hon. Mr. Rogers and his spendthrift friends complete the work.

ENTITLED TO SELECT THEIR ALTERNATIVE.

The policy upon which the present government was elected in Alberta, designated by the opposition at that time as a policy of "paper railways" is meeting fulfillment in a manner which cannot be refuted by the opposition. The latest announcement is that the Edmonton, Dunvegan, and British Columbia Railway, which is laying steel at the rate of a mile and a quarter a day, will inaugurate a service over the first section of its line not later than the first of November next.

In the session of the legislature in which the road in question received the guarantee upon which it is now being built it was the most violently attacked of any project advanced. According as the opposition saw it, this road was the most visionary of them all.

But in spite of a financial situation which has given trouble to the biggest of them, this road is going right ahead in a manner which indicates that it is sufficiently strongly financed to weather any stringency, and is forging ahead toward the Peace River in a manner which makes possible the counting of the days until that land of promise will be given the benefit of transportation.

Looked at from the present viewpoint, the conservative opposition to the programme of development admits of one or the other of two explanations. Either they did not know what they were talking about, or they did not want the country tributary to Edmonton opened up. They have a perfect right to select the alternative.

WHY DID THE EMERGENCY CEASE TO EMERGE?

It is semi-officially announced that there will be no Fall session of parliament this year, but that parliament will be summoned immediately after the New Year. The explanation is given that "The Naval Bill and the recognition of the emergent conditions prevailing were responsible for the session being called last November."

The Naval Bill has not passed. If there ever was an emergency, it is just as emergent as ever, since Mr. Borden has done nothing to end it, nor has anyone else.

Meanwhile Mr. Borden is holidaying at St. Andrews, N.B., and doubtless on many a warm summer evening he sits by the beach and while the clouds are heavy he hears, "the booming of the distant thunder," and sees "the lightning flashing above the horizon." But now Mr. Borden has gained a little ripe judgment. No longer does he declare, "We cannot and will not wait and deliberate until any impending storm shall have burst upon us in fury and disaster." Mr. Borden is a very much tamed man. He is only too glad to wait and deliberate on some method of avoiding the impending storm which will burst upon him in fury and disaster when the Canadian electors are given the chance to express their opinion at the polls regarding his government.

THE SWING OF THE PENDULUM.

Since the last Dominion election there have been elections in six out of the nine provinces of Canada. The first was in Ontario, where the Liberals won twice as many seats as in the Dominion election three months before. Then came Quebec where the Liberal government was returned with scarcely more than a trace of the opposition left. New Brunswick followed and remained in the Tory

ranks under the influence of Hon. Mr. Hazen, with promises of bountiful federal expenditures, while the diminutive province of Prince Edward Island captured by the Tories with the promise of a steam ferry connection with the mainland. Next came Saskatchewan with its overwhelming Liberal majority, despite the manipulations of Hon. Mr. Rogers, closely followed by Alberta with its strong preference for Liberal members in spite of federal influences. In face of the brazen methods of the Borden Government to interfere in provincial politics, the results in the provinces are amply sufficient to show that the pendulum of time is swinging, as is to be expected in a young progressive country, on toward Liberal principles.

JEALOUSY PREVENTS ACTION BY POWERS.

Taking the stand that the jealousies existing among the various world powers will prevent any of them taking action to stop the conflict, Turkey has added further complications to the crisis in the Balkans by ordering her troops to enter Bulgarian territory. Contrary to the international code of war has been declared by the Sultan and his troops are now rapidly approaching several important posts in Bulgarian territory. King Ferdinand's appeal to the powers for intervention has met with no response and the indications now are that the conflict will be continued until lack of finances forces the cessation of the war.

The attitude adopted by the various world powers has proved an enigma to those on the outside and the conclusion has now been reached that none of the nations are anxious to show their hand in the game for fear they may be precipitated into the conflict. Italy's announcement that her fleets were to be placed at the disposal of the Turks created consternation in European circles for a time as it was then thought that Germany, Italy, France and Russia might be drawn into actual conflict with certain slices of territory and commercial advancement as the prize to be won or lost. Italy, however, has failed to carry out its bluff and the problem remains unchanged. Evidently the world powers have decided that the question can best be settled at the point of the bayonet as interference by the powers would only act as a delay to a finish right and would not tend to solve the existing problems.

PANTOMIME FOR THE JINGOES.

A glorious opening for the jingoes is presented now by the fact that in the naval manoeuvres a pretended enemy has landed men on the east coast of England.

This should be the opportunity for fanning the frenzy for armament. Conscription has already been talked of in Britain. France has recently added a year to the time it takes out of the most useful period of its citizens' existence. The habit of imitation is strong. It would not be at all astonishing to see a new demand for compulsory service in the British Isles, raised by the professional soldiers and those politicians whose chance of election depends very largely upon the energy with which they flap the flag.

All of which leads one to wonder how much of these alleged demonstrations with which the country is periodically brought to a realization of its unpreparedness and vulnerability are stage plays produced for the benefit of those sufficiently susceptible to be driven into panic by such pantomime.

Kenington, England. Mrs. Boissevain
is one of the most beautiful and most
active suffrage workers in the United
States. She is also a lawyer, and at
the recent suffrage procession held in
Washington was the centre of admiring
eyes.

In defending the violent tactics of
the English militiamen, Mrs. Boissevain
declared that the reason the suffragists
of the United States did not employ
similar methods was because of the
love of fair play cherished by the Am-
erican men. "Those who like the me-
thods in vogue in the American suffrage
campaign better than those resorted to
by our unfortunate English sisters may
congratulate the American men," said
Mrs. Boissevain. "Those who dislike
the English methods may blame the
unfair attitude of the English men."

Dempsey, of Great Falls, Montana, who
is the guest of her sister, Mrs. F. J.
Arthur, First street. The luncheon

1 Ladies of the Macabees of the
World entertained the guard and mem-
bers at a matinee party on Wednesday

came in their pretty summer frocks
and gayest bonnets. This was the de-
lightful climax in a membership con-
test which resulted in the addition of
10 new benefit members with \$40-
500 of life insurance and one social
member.

ONE TELEPHONE TO EVERY 19 PERSONS

Dominion of Canada Is Becoming an Invertebrate User of the Instrument.

Ottawa, July 25.—The Dominion of Canada is becoming an invertebrate user of the telephone. She has now in use 400,000 telephones, an increase in 12 months of over 100,000.

Statistics just issued by the telephone and telegraphic branch of the department of railways and canals for the last fiscal year show a large increase in the telephone interests of the Dominion.

The number of companies to make a return of statistical data for the year was 683, being an increase over the preceding 12 months of 146 companies. The province of Ontario alone has 249 companies, Saskatchewan is second with 206, and Quebec third with 62. It is significant that there was a big increase in co-operative and municipal owned companies.

Capital liability aggregates \$16,376,851.74, an increase of more than \$6,000,000 in a single year. There are now almost a million miles of wire in use for telephone purposes throughout the Dominion. It increased last year almost 200,000 miles. Ontario alone has almost 400,000 miles, while Quebec, the stronghold of the Bell Telephone company, has almost 300,000.

There is now over a mile of telephone wire in use for every eight persons in the Dominion of Canada, and one telephone for every 19 persons. Of the 400,000 telephones now in operation 112,000 of them are in the province of Ontario.

IS YOUR BACK FULL OF ACHES ALL DAY LONG?

That Stab-like Pain in the back Is Sure Indication of Kidney Trouble.

Mrs. Anna Rodriguez writes as follows from her home in Valencia: "For a long time I suffered with failing strength and nagging headaches. My condition grew steadily worse, my limbs became bloated and shaky, I was sallow and thin, felt rheumatic pains, dizziness and chills. I unfortunately didn't suspect my kidneys and was nearly dead when I discovered the true cause of my sufferings. I read so much about the wonderful health and strength that comes to all who use Dr. Hamilton's Pills that I felt sure they would help me. Such blessings of health and comfort I got from Dr. Hamilton's Pills I can't describe. They speedily put me right, and their steady use keeps me active, energetic, strong and happy. I strongly urge others to regulate and tone their system with Dr. Hamilton's Pills of Mandrake and Butternut."

No greater medicine exists than Dr. Hamilton's Pills for the cure of indigestion, constipation, flatulence, liver, bladder and kidney trouble. FARM LABORERS STILL DEMANDED

Minister of Interior Discusses Circular Sent Out by Labor Congress

Ottawa, July 25.—Hon. Dr. Roche, minister of the interior, stated yesterday that though there is much discussion on the part of the Dominion Trades and Labor congress in warning prospective emigrants in Great Britain against coming to the cities of Canada unless they have positions waiting for them, he believes that there is still a demand for farm laborers all over the country.

Dr. Roche emphasized that every immigration agent in Great Britain had received instructions to refuse to accept any emigrants not having positions waiting for them coming to the cities in this country.

"I am inclined to think that an extract from a western paper published in the circular sent out by the labor congress stating that there are more farm laborers in Saskatchewan than there are positions for, is hardly correct," he said. "When I was over in London a few weeks ago I found that the provincial government of Saskatchewan had an agent specially engaged to encourage farm laborers only to go there and this agent I understand is being paid a bonus of \$5 for every good man he sends out. The Ontario government is following the same policy as the Saskatchewan government."

"My opinion is that Canada does need farmers and farm laborers. They will need thousands of the latter when the harvest begins in a few weeks."

Dr. Roche said that it is probable that the contents of the circular in question would be fully discussed by the cabinet council at an early meeting.

DESPERATE ATTEMPT IS MADE TO ESCAPE JAIL

Arcola, Sask., July 25.—While exercising in the corridor of the court-house yesterday, Lloyd Alz, charged with the attempted murder of C. D. Denison and Leonard Warner, near Waukegan, July 15, made a desperate attempt to escape, endeavoring to overpower the guard. Alz was then removed to Regina, where he will remain until Monday, when he will be brought back for his preliminary hearing.

PREMIER ASQUITH IS ATTACKED BY WOMAN

Suffragette Tries to Pull Him Out of His Automobile, But She Is Prevented by the Police.

Doncaster, Eng., July 24.—An attempt by a militant suffragette to assault Premier Asquith while he was on his way today to the town hall of Morley, Yorkshire, to receive the freedom of the city, was frustrated by the police.

Miss Kay Jones, a well-known suffragette of this city, sprang onto the step of the premier's automobile, shouting: "Stop torturing women you scoundrels!" and tried to pull Mr. Asquith from his seat, but the police caught her and dragged her away.

The meeting will be held in Lathbridge August 5, 6 and 7.

DOUKHOBORS ASK HALF A MILLION

Want Compensation for Lands They Had to Vacate in Saskatchewan.

Ottawa, July 25.—Here for the purpose of asking the Dominion government compensation to the amount of \$500,000 for farming lands, the Doukhobors were forced to vacate in Saskatchewan because they refused to become Canadian citizens. John Konkin, of Brillian, B. C., and M. V. Casloff, of Veregin, Saskatchewan, and their agent, W. M. Evalenko, of New York, are registered with the Canadian Land Commission.

According to the story told by the agent the men will take their modest request to Hon. Dr. Roche, minister of the interior. He declares that owing to the fact that their religion does not permit them to become citizens of any country, the Doukhobors were forced to give up their homesteads in Saskatchewan as a homesteader he has to be a settler, either naturalized or native.

The Doukhobors, whose men represent, had met with extraordinary success on their farms in the short time they had been there, and the whole party moved over into British Columbia, where they did wonderfully well at fruit raising.

Many of the Doukhobors, however, have not left their Saskatchewan farms near Veregin, yet, but will probably do so before very long. They will also move over to British Columbia and so in for fruit raising.

These people are all represented by Konkin and Casloff, and are now seeking recompense for their homesteads. They want money for the improvement they have put on the farming lands. There are several thousand who have taken navigation. Of grain all the Doukhobors have there to try to make their living.

Slightly over \$400,000 or \$5 an acre, will be asked from the minister of the interior as compensation for giving up the farms.

"We expect the government to give our request a favorable consideration," said one of the party.

AMERICAN PORTS GREATLY FAVORED

Extent to Which Canadian Grain Goes Through Them Again Emphasized

Ottawa, July 25.—The extent to which Canadian grain continues to find its way to the seaboard for export through United States routes is once more emphasized by statistics just published by the department of trade and commerce.

The figures are those showing the movement of grain for the year 1912. In that year 87,579,696 bushels of wheat were shipped from Port Arthur and Fort William. Of that quantity 15,328,159 bushels were shipped to Canadian ports in Canadian vessels, 12,252,246 bushels to American ports nearly all in American vessels. The total shipped from Port Arthur and Fort William in the crop year 1912 was 61,666,375 bushels, of which 37,917,265 bushels went to Canadian ports and 23,748,699 bushels to the United States ports.

The figures being by Canadian ports 31,707,250 bushels, by United States ports 55,500,850 bushels. Besides this, Canadian flour to the amount of 1,161,520 barrels went seaward via American ports. From the port of New York alone, 22,566,120 bushels of Canadian wheat were shipped in 1912.

In favor of American ports there is a difference in insurance rates still maintained, which is regarded in this country as a discrimination against the St. Lawrence route, and in regard to which protests have been made of great effect.

United States ports. Of the latter quantity, 1,500,000 bushels were carried in Canadian bottoms.

Ships loaded by rail in 1912 totalled 15,408,179 bushels, making a total for the year of nearly 103,000,000 bushels of wheat sent east from the head of Lake navigation. Of grain all the shipments were 139,322,961 bushels in 1912, and 93,380,263 bushels in 1911.

Nearly 64 per cent. of the wheat exported from Canada in 1912 went by United States ports. The figures being by Canadian ports 31,707,250 bushels, by United States ports 55,500,850 bushels. Besides this, Canadian flour to the amount of 1,161,520 barrels went seaward via American ports. From the port of New York alone, 22,566,120 bushels of Canadian wheat were shipped in 1912.

The rates of insurance on grain cargoes from Montreal to Liverpool last year ranged from 25 cents per \$100 in summer to 45 cents per \$100 during the latter part of November. From New York and Boston the rate of insurance was 15 cents per \$100 throughout the whole year.

LINEMAN KILLED BY LIVE WIRES

Saskatoon Employee Shocked to Death by Current on Forty-foot Pole.

Saskatoon, Sask., July 25.—John Dutton, a lineman in the city electric department, was killed this morning about 10.30 in Nutana, the residential section of the city, which resulted from a shock of many thousand volts from a live wire.
 He was working on a 40-foot pole and when he received the shock he fell to the ground. He was rushed to the ambulance immediately, but before the city physician could be reached he had died.
 It is not known whether he had any

relatives in the city or not, as he had but recently started to work with the city. An inquest will be held this afternoon.

MRS. PANKHURST CRITICALLY ILL

Two Consulting Physicians by the Regular Attending Doctor.

London, July 25.—Mrs. Emmeline Pankhurst, who was released last night from Holloway jail after an imprisonment lasting only since Monday, is reported to be in a very critical condition.
 Three consulting physicians have been called by the regular attending physician.
 She left the jail in a motor ambulance.
 Mrs. Pankhurst, Lawrence and Lady

Sybil Smith, a daughter of the Earl of Ayrshire, were arrested last evening while trying to hold a "suffragette" meeting at the entrance to the central lobby of the house of commons.
 They and a number of others, who had been attending a meeting of protest against the "cat and mouse" act, in a hall nearby, were arrested.
 The police on duty failed to recognize the women and politely stopped the traffic to enable the supposed sight-seers to reach the house of commons in comfort.
 When their identity was discovered the women were ejected, to the accompaniment of considerable disorder, and the two leaders were arrested.
 Miss Evelyn Sharpe was also taken into custody by the police. She and Lady Sybil Smith, are both active members of the Women's Social and Political Union.
 Lady Sybil is the wife of Viscount Smith, who is a partner in the firm of Morgan, Grenfell and company.

SAYS CIVIL WAR IN IRELAND SURE

Evangelist Makes Prediction of Results if Home Rule Forced on Ulster

Calgary, July 25.—Dr. W. Patterson, world evangelist, and in charge of the famous W.M. Church of Belfast, in Calgary on a visit, says civil war in Ireland is certain to follow any attempt to force home rule on Ulster.
 He says that Redmond and his followers are openly asserting that home rule is but the thin edge of the sword, looking to the separation of the land from the north country and the making of a separate nation.
 "Ulster," he said, "pays 80 per cent of the taxes of Ireland, and her representation would be of little consequence in the Irish parliament."

NO FINAL STEPS FOR ELEVATORS IN ALBERTA

Plans Are Well Advanced, Though, For Those to Be Built by the Government at Moose Jaw and Saskatoon.

Ottawa, Ont., July 25.—Plans are well advanced and tenders will be called shortly for the new interior terminal elevators to be erected by the government at Moose Jaw, and Saskatoon. The designs are being made by the Barnet McQueen company, under direction of the grain commission.
 The work will go on this autumn, but no final steps to build similar elevators in Alberta have yet been taken to facilitate the farmers in marketing their wheat and getting their cash, and land from the north country and the making of a separate nation.
 The grain commission intends to add a thousand to its staff for examination and analysis of wheat.

THIRD STRAIGHT WON BY MED. HAT FROM REGINA SOX

Timely Hitting Responsible for Win—Game Was Wild and Exciting

Regina, July 25.—In a wild and exciting game Medicine Hat took its third straight win from Regina last evening. O'Connell won the game with a home run in the ninth. Smith had tied it up with a triple when two men were on bases in the ninth. It was the first time the speedy outfielder had been in the game since his injury two weeks ago, and had he not been lame he could easily have completed the circuit. Baker made a home run with two men on in the third. Godfrey Harris and Ladd were the timely hitters for the Med Hatters.

Dunn took himself out in the ninth and let Schneider finish the game. The score:

Medicine Hat . . . 9 250 091—8 11 3
Regina 023 000 020—7 13 3
Batteries: Dunn, Schneider and Ladd; Rankin and Baker.

Ruell Breaks up Game With Three Bagger in Seventh and Birds Win

Pitchers' Duel Between Heinrichs and Dickinson Lasts for Six Innings and Ruell Takes Heart Out of Ex-Bird—Game Was Brilliant One—Score 4—1.

Ruell's three bagger at the start of the seventh broke Dickie's heart, and Edmondson won. The score was four to one. Until the seventh the game was a tie, both teams going strong and both pitchers twirling their best. Then Ruell broke it up with his three, put over the callee. Redmond sacrificed and Dickinson stole himself. He hit Povey. Spencer singled and Heinrichs walked. Out of it all only two runs were scored, but it stored the game away in the refrigerator.

The two big league scorers, Messers, Povey and Kerr, who have been hovering round the eastern end of the circuit, occupied places in the grand stand and viewed the game. Perhaps that injected some ginger into the players, for the game was quite peppy, although not more so than several during the present week.

Dickinson and Heinrichs were the opposing pitchers, and in the first six innings each team scored five hits and one run. Both teams were playing a sensational game. The infielders were not getting very much work to do, but what came their way were difficult. The Calgary infield were kept busy all the time. The Edmonton outfield were called on to rescue the game on many occasions. Stan Schneider, a third for Calgary, played a nice game in the field, and though at bat he scored no runs, he cracked out a number of singles. Schulz has been playing the game of his life since he started with Calgary. Edmondson played an errorless game. In the first Moran opened, with a single. O'Brien sacrificed him to second. Whitman expired on a grounder to third, but Pat advanced to the first. Ruell singled, scoring Moran, but was caught stealing second. Calgary equalled in the second on a single by Myers, followed by an infield out and a single.

Until the seventh there were no further scores. Ruell opened with a three bagger. Dudley singled and scored. Spencer singled and Dudley scored. Heinrichs walked and the bases were full. Moran drove a grounder to third. O'Brien hit Hollis to stretch. A double play in which O'Brien, Redmond and Dudley figured out of Calgary's chances for a second. Povey and Edmondson added another in the eighth. Whitman started with a safety. Dickinson batted the pit into the bleachers trying to get him off the bag, and Whitman went to second. Dudley lifted a single to right, and Whitman scored from second. Redmond walked and went to second on another run batted by Dickie. Spencer grounded to Streib.

The box score is as follows:

Calgary.	
Vivian 2b	0 1 5 2 0
Piper of	3 0 0 8 0
Reich of	2 1 3 0 0
Hollis 1b	2 1 3 0 0

QUAKERS SINK ANOTHER STEP IN STANDING

Lost One Game to Moose Jaw Yesterday and Tied the Second—Jaw Blew Up.

Moose Jaw, July 25.—The Millers and Quakers played two games here yesterday before big crowds, the locals winning the first 6-2 while the second they left a tie, 4-4, at the end of the ninth inning. Moose Jaw should have won both games, but the team blew up in the ninth and Saskatoon scored three runs. The first game was rather listless and the Millers won by hitting the ball at the proper time.

Beer started for the Quakers, but the locals took kindly to his offerings right from the start. In the first inning they scored three runs, when Stan-ley got first on Harper's error, was forced at second by Seaton, but the latter went all the way to third on Rusback's hit. Wood potted by Hollis' error. The score, 3-0. In the second and third innings the Quakers were scored by Forties. The latter stole and scored on O'Day's hit. The latter stole and scored on O'Day's hit. The latter stole and scored on O'Day's hit.

The Quakers got one in the second on two bases on balls and a long single. They, however, failed to connect with Connaman's single and no runs were scored. The Millers hit Beer hard and also touched up Mills, who relieved him. The evening game was a fairly snappy and took all the way. Once again the Quakers took the lead two singles and a long triple by Stoddell doing the honors. They got one more in the seventh on Forties' single and a lucky two bagger by Moore, while making came over in the eighth on Stoddell's third hit of the day, Seaton's sacrifice fly and Rusback's one base hit. Beer who again did duty for the visitors, was forced to tilt, as was Steele.

The feature of the game came in the ninth. The Quakers made a desperate and successful rally. Harper and Walters both singled, were advanced on Beer's sacrifice fly, while Collins drove in a home run and Collins' single sent Harper and Walters home. O'Day's error let Chick to first and the latter drew a lead from Moore to second which let Collins home. Forties was easy Johnson to Moore for the third. Moose Jaw failed to respond in the ninth and Dyer then called the game. The score:

First game.	
Saskatoon	010 001 000—2 8 3
Moose Jaw	302 000 100—6 11 2
Batteries: Beer, Mills and Walters; Connaman and Moore.	

Second game.

Prospects for the Coming Season Indicate That Edmonton Will Have as Strong a Team as Last Year—Deacon White Will Again Manage Club.

The annual meeting of the Eskimo Rugby club was held in the rooms of the club last night, about a dozen enthusiasts being present. Bill Matheson occupied the chair, and the routine business was completed. The report of Secretary Matheson was a comprehensive one, covering the events of last season. The treasurer's report showed that the financial standing of the club was good, there being a deficit of only \$10.

The following officers were then elected: Hon. president, Hon. G. W. Cross. Hon. vice-presidents, Jim Cornwall and Mr. Belanger. President, J. Driscoll. First vice-president, Campbell Young. Second vice-president, W. Matthews. Secretary, Harold Beaton. Treasurer, Fred Drummond. Manager, Deacon White. Executive, Messrs. Michaels, Parquette and J. Clarke.

PLAY ORDER FOR TENNIS TOURNAMENT

Committee Makes Final Arrangements for Match Between England and United States

Wimbledon, July 25.—The committee of the All-England Lawn Tennis association yesterday arranged the order of play in challenge round of tennis for the Dwight F. Davis International lawn tennis trophy, which is to be fought out between teams representing the United States and England today, Saturday and Monday.

Two singles matches are to be played on Friday. Maurice E. McLoughlin, of San Francisco, is drawn against J. O. Park, while H. Norris Williams, Philadelphia, is drawn against G. P. Dixon. On Saturday, the doubles matches are to be played. Harold H. Hackett, of New York, and G. P. Dixon will meet H. Roper Barrett and Dixon. The last two singles matches are to be played on Monday, when McLoughlin will meet Dixon and Williams will meet Park.

PUNISHMENT FOR FALL RIVER CLUB

National Commission Gives Judgment in Case of Club That Refused to Pay Fine.

Cincinnati, Ohio, July 25.—In a notice to all National Agreement clubs issued yesterday, the National Baseball commission stated that, unless the Fall River club, of the New England league, complied with the commission's recent notice of \$2250 penalty, that club in favor of Playing Manager Lave Cross, the club will not be permitted to exercise the privilege of receiving its players, all of whom will become free agents at the termination of their 1913 contracts. The notice also stated that the Fall River club will not be eligible for membership in a National Agreement club and that the New England league will not be permitted to fill the vacancy until the debt is fully satisfied.

Vancouver, July 25.—Preparatory steps were taken last night at a meeting held by the V. A. C. for the formation of a new professional lacrosse league for the coast which it is hoped will include not only Vancouver and the V. A. C., but also a club at Victoria. The object in forming the new league was to put the professional game on such a basis that it will ensure the hearty support of the public, which, it is felt, is alone a reason for the sport.

JASPER PLACE CRICKET CLUB IS NOW READY

Having Had Four Weeks Practice
the New Cricket Team
Is Ready to Play
Games.

After exactly four weeks practice the newly formed Jasper Place Cricket club will be put to the test in its first match on Monday next, (the 26th) On this occasion the West Enders have invited the members of the 19th Dragons team, and their ladies, to journey out to Jasper Place, and the residents are planning to give the visitors the "honor of the day." They will be met at Twenty-fourth street and Athabasca avenue at 10 a.m. by autos and conveyed to the scene of the contest where they will commence at 11 o'clock. The interval for lunch will be from 1 to 2:30 and the visitors are to be billeted with the local players at their respective homes for the meal. Supper will be served from a marquee on the ground and stumps will be drawn at 7 o'clock. The members of the Jasper Place Cricket club have been practicing assiduously and are expecting to make the solid boys "go some." They have prepared a splendid team, and of the extra batting, six feet wide which should compare favorably with any in the city. A good game is therefore looked for and any cricket fans in doubt as to where to spend the holiday on Monday next could not do better than take a jaunt to Jasper Place.

SELETS NEW TEAM.

Calgary, July 25.—It took five hours last night to decide upon the line up of the representative team for the Alberta football championship. The showing of the team which was defeated by Edmonton here in Calgary was a disappointment to the followers of the game, so it was decided to have the executive select the team. The selection was made by ballot, each position being voted upon separately.
